| Comments | <input type="text" value="What planners are doing to a once pleasant area for residents and visitors alike is a travesty. This is an intensely divisive development that will do nothing more than encourage crime rates in the area and disproportionately discourage safety for people walking alone. In an area that is mostly populated with family housing in traditional dwellings these towers will be a blot on the landscape and do nothing to enhance the garden city. Where are the gardens I ask?"/> |
