Comments	<input type="text" value="We already have a huge lack of schools, GP Doctors and a lack for hospitals in the area causing strain on our local NHS. This housing will not be truly affordable to people with the current climate of housing pricing and work pay. So will be unfair. It will be rental properties at high prices or buy to let like air b and b for thoses working in London to travel outside for cheaper living but higher pay. There will not be a huge amount of social housing and this will not help out housing crisis in the local Borough already."/>
