Proposal	<input type="text" value="Erection of 317 dwellings (Class C3) with associated access, parking, landscaping and other supporting infrastructure, and outline planning for up to 404 dwellings (Class C3) with all matters reserved for access."/>
Case Officer	<input type="text" value="Ms Clare Howe"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I object to this building application in the strongest terms as these proposed buildings are far too tall and above the Council's own recommended limit of 5 storeys> They are not in keeping with what the Garden City should be proud of and should be allowing as not only are they unsightly, too high and too densely packed together but they offer insufficient green space and are overpowering for the site. There is no provision for amenities such as doctors' surgeries, dentists and space is already very limited for parking. The Council needs to consider the people's views as to why they have chosen to live in Welwyn GARDEN City. It is largely because they are low rise buildings with lots of green spaces nearby. These awful high-rise flats would attract commuters who purely would offer little to the already less than thriving town centre. PLEASE PLEASE do NOT let these be built in our lovely WGC!"/>
