Comments	<input type="text" value="The proposed plan seems to ignore the councils own limit of 5 storeys, lack of green space.all of which defeats the original concept of the garden city if this plan is approved it will create an over crowded area that will be so over price accommodation that local people can not afford even supposedly affordable homes you only have to look at the current building on Broadwater Rd to see that it will be an eyesore it will be on a once beautiful town. The town already suffers from a lack of health care facilities and lack of schools not to mention the traffic congestion it will cause (when Tesco wanted to build on the site it was rejected over concerns about traffic in the area."/>
