<b>Comments</b>	<input type="text" value="This plan will create an eyesore in Welwyn Garden City (WGC). Cramming all of these additional properties into the site will create an overcrowded development with people living on top of each other. The whole idea of a Garden City was so that people have space and are able to move freely. The town doesn't have the infrastructure to cope with all of this additional housing and people for example we no longer have a hospital and those in the surrounding areas are already way over burdened. The additional traffic will create congestion in the town and the pollution will have a huge detrimental impact on the health of WGC residence."/>
