Comments	<input type="text" value="This development is getting taller with every planning application will there be another application to make it larger again down the line. This surely does not respect council guidelines on height of development. Plus where is the accessible green space we are supposed to be a garden city. Please respect the ideology of E.Howard's design. We were supposed to celebrate 100 years last year this development would make a mockery of the founders principles of design."/>
