Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The high rise buildings are against the ethos of a garden town. They are unsightly, dominating and intimidating. The dense buildings mainly consisting of flats is not a mixture of dwellings (houses) we were originally shown. Dense housing will impact the environment and feeling of community, with hardly no green areas that can be used by residents. Having such a high number of residents will also impact the resources in the town."/>
