<b>Comments</b>	<input type="text" value="Please consider my objecting against the high rise building planned on the shredded wheat site as a genuine concern from an inhabitant of WGC who chose to live in a green environment for good reasons. The density of the population in such a small area without sufficient green space does not only go in against the original vision of the founder but will put many in WGC at risk, whilst opening opportunities for further high rise buildings. This is not the town I have wanted to live in and has little to do with a Garden City."/>
