Comments	<input type="text" value="This proposal is very worrying on a number of levels. I am concerned about the height of the buildings proposed as well as sheer number of dwellings. The knock on effects to traffic/schools will be huge and I'm unsure how this fits with us being a harden city? As a resident I have a tree on my land that I've not been able to remove but yet these skyscrapers can be erected? It doesn't fit with our town"/>
