Comments	<input type="text" value="I object for the following reasons: Over development of the site with poor entry via one access road only. Hi-rise doesn't work and is not in keeping with the ethos of WGC, a GARDEN city. Hi rise encourages crime and anti social behaviour. There is no provision for additional infrastructure such as schools and doctors, dentists. There is inadequate parking and it is wrong of the planners to agree that people who live near a station won't have a car or visitors who want to park. Come on planners, do a good job on this and reject a plan to cram in as many dwellings as possible. Instead, approve something lovely not a complete mess that you and we will have to rectify in coming years after the developers have walked off with their greedy profit."/>
