Comments	<input type="text" value="This proposal is totally inappropriate for our lovely Garden City. These flats are way too high and will be an eyesore seen for miles around and simply not in keeping with the area. The number of flats and people and cars it will generate is crazy and will have a huge negative impact on local services and infrastructure. It is the Council's duty to maintain the integrity of our unique city and this carbuncle will add nothing. Why can the developers not propose a scheme in proportion to the surroundings and not simply try and cash in on the money from all these flats? Crazy idea."/>
