Comments	<input type="text" value="The size of the building is hugely disproportionate to others in WGC and will be a complete eyesore, simply not in keeping with surroundings and what a garden city is. The proposal for the amount of flats also creates a very densely populated area, adding pressure to local services that cannot currently be met. Very disappointing for me to have left London a year ago to find more space and to get away from these developments only for these proposals to come up"/>
