Comments	<input type="text" value="This is a totally inappropriate development for the GARDEN City. 11 storeys is disproportionately high dwarfing that part of the town. The proposed number of new residents will further strain local services which are already inadequate. To consider a development like this only one year after we celebrated the vision of the original developers in our centenary year is bizarre. The planning dept appear totally divorced from the ethos of the town for whose planning it is responsible"/>
