Comments	<input type="text" value="I do not object to the redevelopment of the site but I do object to the number of apartments proposed and particularly the height of the buildings. It should not be more than 4 or 5 storeys high in order to fit in with the character of the town and area. Furthermore there must be sufficient parking spaces of 2 per property provided. There is nowhere nearby that residents could park without causing disruption. If a development is to go ahead, then further medical services and schooling must also be increased. WGC is one of the most difficult places in Herts to obtain good school places and we have suffered disappointment on two occasions with my daughter by not being allocated any of our chosen nearby schools. Please do not ruin the authenticity and character of our historic garden city."/>
