Comments	<input type="text" value="I'am thoroughly against this proposal for a number of reasons. The proposed plans speak for themselves, they are everything that a 'garden city' is not. High rise buildings, densely populated with a lack of supporting facilities and no proposals for supporting existing facilities in the town to cope with an influx of people. I agree that the town needs more housing but not for the type of people this development will attract. It would be a tragedy for WGC if these proposals are agreed."/>
