Comments	<input type="text" value="I strongly object on this planning application for the following reasons: The density and height of the buildings is out of proportion to Welwyn Garden City. We don't have the capacity in local Schools, Surgeries, Hospitals etc. To cope with the large numbers that could potentially be moving to the neighbourhood. With all the other developments in the area, it is completely unsustainable. The council States that only in exceptional circumstances should development be over 5 stories. These are not exceptional circumstances and can not become norm. This goes against the ethos of the Garden City."/>
