Comments	<input type="text" value="My objections are as follows: by agreeing to this planning application, WHC is squandering the legacy of WGC. The size of the proposed accommodation is criminally small. There is a lack of attention to landscaping in keeping with the garden city ethos. I am concerned about the lack of facilities such as car parking and the impact that will have on other areas within the town centre. Who will really benefit from the this project? No doubt it will be the developers, who are doing everything to maximize their profit at the expense of the local community. WHC needs to be honest about whose needs it is representing in allowing this planning application to go through - the property developers or the people of WGC."/>
