Comments	<input type="text" value="I strongly object to this proposal. It is far too dense, very little green space. The buildings are far to high and contravene the Council's own 5 storey maximum height. A application for 6 storey building in Hatfield was rejected so how could the council justify letting this concrete jungle going ahead. The density of these dwellings will also add to the already overstretched infrastructure, medical facilities and schools. The proposals for the former Shredded Wheat site are totally against the Garden City and MUST be rejected."/>
