Comments	<input type="text" value="The proposed development would have a catastrophic impact on the character and appearance of Welwyn Garden City. The size, number, and density of buildings is completely out of proportion to the rest of Welwyn Garden City. Similarly, the associated increase in the number of people and the amount of traffic, and the needs of those people, is totally beyond the capacity of Welwyn Garden City to provide. The future developments that would be necessary to meet these needs would destroy the character and community of Welwyn Garden City that has grown-up over the last 100 years."/>
