<b>Comments</b>	<input type="text" value="I object to this application to increase the height of the buildings to a massive 10 storeys and greatly increase the Number of dwellings and therefore their density on the site which lacks greenery and green space. This is completely against the whole ethos, guiding principles and spirit of Welwyn Garden City. By so doing it is also against Welwyn Hatfield's own vision for Broadwater Road West. They also indicate a maximum of 5 storeys. The buildings would overpower the other buildings in this street and others in and around the town centre. It is completely inappropriate and unsuitable addition to the development here and for this and any similar developments in the future"/>
