Comments	<input type="text" value="I object to these planning proposals as they go against the true spirit of a garden city. Where are the green spaces, let alone provisions for extra doctors, dentists and school places for the hundreds of families that will be expecting their children to go to local primary schools let alone the hugely over subscribed secondary schools in Welwyn Garden City. Does the local council disregard these issues of medical and educational provisions as they are dealt with at County level, not local council level?"/>
