<b>Comments</b>	<input type="text" value="This proposal is out of line with all the developments in WGC The development should not be taller than the Howard Centre car park. It should also be full of family homes so that residents in WelHat can purchase and stay close to family. During the pandemic what has been shown to be of value is green space (gardens) and a study area. Additionally any development should have plenty of green space between blocks. It is disgusting that this development has been proposed and would even be considered because it is out of line with the town's development plan. It is contrary to everything the existing residents are adhering to. The name of the town is Welwyn GARDEN city not Welwyn CONCRETE city and therefore the ideals of the founders should be maintained."/>
