Comments	<input type="text" value="I am strongly opposed to any sort of tall buildings being erected next to the old Shredded Wheat building, especially flats. They certainly will not fit in with the aesthetic of Welwyn Garden City and go completely against what Sir Ebenezer Howard set out to create when designing the UK's second Garden City. The only reason Welwyn and Hatfield Council is allowing these buildings to be constructed is purely for profit. In the future, I do not want my son moving into a leasehold rabbit hutch with extortionate fee's, just for someone to vacuum the hallways on minimum wage, but that's another conversation on it's own."/>
