Comments	<input type="text" value="This is a ridiculous planning application and should be rejected! I live on Otto Road and the buildings currently in place are already far to tall and imposing on my light, well-being and house price. This already goes against the councils own guidelines that state no building should be over 5 floors. This increase will put pressure on parking that's already in a crisis, and makes no accommodation for schools and health services, as well has the train station. Stop these greedy developers ruining WGC! Shame on them!"/>
