Comments	<input type="text" value="We strongly object to the proposed planning application. Having recently moved to our property a major factor being that our garden view was of woodland without a property in sight. The proposed build could impact on our beautiful view along with the potential noise from the property being almost at the end of our garden. I also feel that agreeing this application would set a precedent for properties in this area of Welwyn Garden City as many have large gardens that could be accessed like the proposed plan."/>
