

note:
All drawings and schedules are subject to local authority approval, building regulations and other statutory approvals together with structural and civil engineers details, energy specialist's criteria, M & E, and other key specialist's details. Any tolerances and differential movement between elements is to be accommodated within the design. Final design is to be phased and fully coordinated to ensure a robust solution to meet appropriate legislative and safety standards.

note:
Final materials and fenestration are to be fully in accordance with local authority approved materials schedule.
