

Comment for planning application 6/2021/1788/FULL

Application Number	<input type="text" value="6/2021/1788/FULL"/>
Location	<input type="text" value="Campus West The Campus Welwyn Garden City AL8 6BX"/>
Proposal	<input type="text" value="Installation of an air source heat pump"/>
Case Officer	<input type="text" value="Mr Raymond Lee"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Whilst I understand the pressure the Council will be under to adopt greener energy solutions, it is disappointing that there has not been broader consultation on this proposed development. According to the Hepworth Acoustics Noise Report, there will be a detrimental impact to neighbours unless a 2.8m high absorptive acoustic barrier is erected, however, what is not clear in this report, is whether any assessment has been made for vibration. Long-term exposure to a continual drone and potential vibration could impact on people's physical and mental health, and if the Council wishes to pursue this endeavour, it would be helpful if neighbours could be directed to similar installations so that they can assess the potential impact of such a ground source heat pump on their lives."/>
