Dear Mrs Madyausiku

Location: Land adjacent to 45 Broadwater Road Welwyn Garden City
AL7 3AX
Proposal: Submission of details pursuant to condition 3 (site waste
management plan), on planning permission
6/2018/3292/MAJ
Application Number: 6/2021/1887/COND

I am writing in response to the above proposal to provide comments on behalf of the county council, as the Waste Planning Authority.

The Site Waste Management Plan (SWMP) includes detailed project information and provides a breakdown of the different types of waste expected to arise, estimated quantities of waste and waste management actions for the different types of waste (i.e. whether the waste will be reused, recycled or disposed of).

The destinations for each type of waste to arise from the project have been clearly identified and the SWMP checklist provides an overview of how waste management will be considered during the different phases of the project.

I am satisfied with the level of detail set out in the SWMP and recommend the discharge of Condition 3.

Yours sincerely,

Emma Chapman
