Comments	<input type="text" value="What part of we don't need more retail in the town centre because there are so many empty units do the people who drew up this plan not get??? The proposal still looks exceptionally ugly and does not fit with its surrounds. There are plenty of car parks in the town centre already and mostly very under used. Why is money continually wasted on these types of projects when the council are crying they don't have enough funds to provide the basic services or put money towards badly needed infrastructure in the area, the council seem hell bent on spending on these ridiculous schemes which are not needed."/>
