Comments	<input type="text" value="Having looked at the application I cannot see that this is good use of council tax payers money. I realise that this is part of a plan to build more flats in the town centre. However with the pandemic and brexit many shops have closed, office workers are unlikely to fully return to offices so I do not believe that this upper deck is necessary. Also the environmental impact of the view is not in keeping with the garden city ethos. There is ample parking in Howard centre and hunter bridge car parks so this project is unnecessary."/>
