Comments	<input type="text" value="Objection to bulk and scale of development at Campus West which is in important part of Garden City Conservation Area, the proposal is out of keeping with the pleasant street scene and landscape once part of historic woodland. The planning and transport statements require thorough scrutiny, for example, errors in transport statement 2.7.4 incorrect and misleading; disregard for impact on pedestrians in planning statement, 6.9. If this scheme is key to the whole of the north town centre plan, more detail required as to unacceptable high density of development of Campus East. Unwanted and unnecessary redevelopment in town centre conservation area."/>
