Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="We are immediate neighbours to this car park development living in Scholars Mews and back onto Campus West. Whilst we note the modification of this scheme to reduce the height of the structure from three floors to two, we are still very unhappy with this proposal that we believe still completely underestimates the impact of this proposed structure on the properties to the north of the proposed development. We have highlighted the basis for our objection in the attached word document."/>
