Comments	<input type="text" value="I strongly object to this proposed application. How on earth can we accommodate all these people... With all of the other massive building activities that are going on in.. Our GARDEN CITY We don't have the infrastructure to provide schools, GPS, hospitals for those living in WGC as it is. What with the rest of the developments in and around the Town Centre this surely can only be detrimental to our Garden City. Ebenezer Howard would be turning in his grave if he knew of the amount of developments for housing that's going on"/>
