

Good morning Mr Lee,

Once again I must object strongly and complain that the proposed multi level car park by roller city is a travesty. It should NOT happen. The signs around town say "500 spaces available". The damage to the area will be huge. The block of flats proposed is also a complete travesty. Welwyn garden City was has a wonderful design. It is a GARDEN city. It is NOT Croydon or Streatham !!! The many changes that are on the go at the moment are bad enough. Our infrastructure cannot cope. Doctors, hospitals, ,dentists, schools – where are the extras for all the new dwellings ? I have lived in WGC for over 35 years. I cannot get a local NHS dentist. I cannot see my doctor.

Please stop all these terrible plans.

Regards,
