

Comment for planning application 6/2021/2207/MAJ

Application Number	<input type="text" value="6/2021/2207/MAJ"/>
Location	<input type="text" value="Campus West The Campus Welwyn Garden City AL8 6BX"/>
Proposal	<input type="text" value="Expansion and adaptation of existing car park, including construction of new single suspended level parking deck, reorganisation of road and pavement arrangement, introduction of additional cycle parking, junction improvements and associated landscaping improvements"/>
Case Officer	<input type="text" value="Mr Raymond Lee"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I am objecting to this application on the basis of lack of electric charging points and the underprovision of car parking spaces in the town centre . In respect of charging points the Government have already stated its policy regarding new electric cars , but these will be need to be recharged . Many existing developments cannot be retrofitted with electric charging points and as such the Council should ensure that all new developments have the facility inn place and the number proposed on this development is far too low . I am also concerned that the net reduction of car parking spaces will have a detrimental effect on the town centre, This is on the basis that all the new developments being planned have inadequate car parking and visitor parking provision and the only option for many will be central car parks - if this happens it could have a detrimental effect on people wishing to visit the town centre"/>
