<b>Comments</b>	<input type="text" value="Not really appropriate in a time of a climate emergency to be building more un-needed carpark spaces- the council should be discouraging driving into the town and encouraging use of public transport and other sustainable forms of transport. I would also not be happy if I was a resident of Woodside house- the carpark seems to be very close to the residential flats and I wonder how much pollution would be able to come through May open windows which are on the new carpark side. I am also concerned about the amount of light pollution which would come from this development and the impact that has on the surrounding area and flats. I strongly object to this development."/>
