<b>Comments</b>	<input type="text" value="I strongly object to the height and extent of this car park proposal. I think your pedestrianisation plans adversely affects the disabled and frail elderly as well as those with young children. Please consider improvements to public transport and walking before you try to squeeze more cars in to an unnecessary car park. This is meant to be a garden city. I agree with the previous respondent whose letter I have re attached. There are MUCH better ways to develop our beautiful residence than this."/>
