<b>Comments</b>	<input type="text" value="I object to this planning application being allowed ..... there are not enough houses being built with gardens, and more high rise flats are totally inappropriate for this area. Also, changing the car park and reducing the space for cars is blatantly stupid. You are building all these high rise monstrosities in our beautiful town, yet not providing adequate car parking space for the residents,,, we will be needing 'more' car parking spaces NOT less! Please use our money wisely and build houses, with gardens for our residents. Build us a new hospital, new schools, and sort out the basic infrastructure of the Garden City. You cannot maintain the ethos of the Garden City, by blindly building ugly structures like those proposed for The Wheat Quarter etc., Leave our beautiful Garden City alone, and ensure you only build new homes that fit with Ebenezer Howards ideals. Fats contribute to pollution - people need tumble dryers as they have no drying space. Your schemes are scandalous and dire"/>
