Comments	<input type="text" value="-The proposed street-type lighting on the top deck is inappropriate -need be only low level. - I'm very disappointed by the continuing insufficient attention to the north and west elevations ie ones close to residential areas. Need eg cladding above the top deck surfaces to reduce noise, light and air pollution. -Concerned by proposed 24/7 access -why? Campus West doesn't operate 24/7 and this will access enable inappropriate out of hours, Need better security and 6am-1am max opening."/>
