

Comment for planning application 6/2021/2207/MAJ

Application Number	<input type="text" value="6/2021/2207/MAJ"/>
Location	<input type="text" value="Campus West The Campus Welwyn Garden City AL8 6BX"/>
Proposal	<input type="text" value="Expansion and adaptation of existing car park, including construction of new single suspended level parking deck, reorganisation of road and pavement arrangement, introduction of additional cycle parking, junction improvements and associated landscaping improvements"/>
Case Officer	<input type="text" value="Mr Raymond Lee"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The lighting scheme could result in the building being overly visible and dominant during the night hours. Light pollution is a curse of built-up areas, especially in the WGC Central Conservation Area. The proposed 10 electric vehicle charging points make up only 2% of the total 490 proposed parking spaces. This is far too low considering that the Borough Council has already declared a climate emergency. Please address these issues before proceeding with the planning application."/>
