<b>Comments</b>	<input type="text" value="The scheme is better, but the upright metal fins still appear to be vividly coloured - some apparently still bright orange. This structure should be discreet and self-effacing - not strident and ugly! There should be an irrevocable condition to limit the car park's height to two storeys. The top deck lighting is too prominent. Lower level, dimmed lighting would be better. The trees along the Ayot Greenway do not provide an adequate screen for neighbours, particularly in winter. There is insufficient cladding on the northern and western elevations to reduce noise, light and air pollution. The deck level is too close to Woodside House and only partly shielded by a thin line of conifers. There are inadequate security measures planned. There are no barriers to control entry and exit which will encourage racing around the decks at night. 24 hour opening 7 days a week is inappropriate for a car park located so close to a residential area."/>
