

Comment for planning application 6/2021/2207/MAJ

Application Number	<input type="text" value="6/2021/2207/MAJ"/>
Location	<input type="text" value="Campus West The Campus Welwyn Garden City AL8 6BX"/>
Proposal	<input type="text" value="Expansion and adaptation of existing car park, including construction of new single suspended level parking deck, reorganisation of road and pavement arrangement, introduction of additional cycle parking, junction improvements and associated landscaping improvements"/>
Case Officer	<input type="text" value="Mr Raymond Lee"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Yet again, the unfortunate timing of this application means that many people are on holiday and not aware/able to respond and submit objections. The top deck lighting is too bright and high, creating light pollution. Better cladding should be on all elevations to control light, noise and air pollution. The trees along the southern edge adjoining Bridge Road are inadequate for screening, especially in winter. Our house is the closest to the car park on the southern side and therefore will be most affected. The car park top deck will be very close to Woodside House with only a thin line of trees for screening and will adversely affect the residents on that side. Vandalism and anti-social behaviour are already a problem and would be much worse with a multi-storey car park and noise would travel further from the upper storey. The multi-storey car park should not be open 24 hours a day, especially in a residential area. We wholeheartedly object to the proposal in this Conservation area."/>
