

Comment for planning application 6/2021/2207/MAJ

Application Number	<input type="text" value="6/2021/2207/MAJ"/>
Location	<input type="text" value="Campus West The Campus Welwyn Garden City AL8 6BX"/>
Proposal	<input type="text" value="Expansion and adaptation of existing car park, including construction of new single suspended level parking deck, reorganisation of road and pavement arrangement, introduction of additional cycle parking, junction improvements and associated landscaping improvements"/>
Case Officer	<input type="text" value="Mr Raymond Lee"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The design of this structure with protruding stairwells, high lampposts, rusty metal cladding does nothing to enhance its surroundings of the conservation area, and more appropriate for an industrial area adjacent to a busy motorway. It will be on full view for most of the year when the trees are bare, in bud or in leaf fall. Surface carparks are greener, safer and inclusive of all members of society. Planning Statement is misleading and in places offensive to Welwyn Garden City residents. Keep Campus East long stay, and Campus West short stay with enhanced facilities. Spending millions on this project will result in higher charges which people will not pay. Re-evaluate housing needs in light of all recent and current developments within 20 min walk of the town centre as a whole. Consider re-purposing unwanted or underused council buildings for residential. Reconsider 2120 plan with full public consultation. Reject application for this unwanted and unnecessary structure."/>
