Dear Raymond

Application: Expansion and adaptation of existing car park, including construction of new single suspended level parking deck, reorganisation of road and pavement arrangement, introduction of additional cycle parking, junction improvements and associated landscaping improvements

Address: Simon Richards1

Reference 6/2021/2207/MAJ

Thank you for consulting Hertfordshire Ecology on the above, further to my previous response dated 12/10/2021, lighting diagrams have been provided. These appear to indicate that the proposed lighting will not have a substantially greater ecological impact on the wild life site to that currently in place.

I trust these comments are of assistance,
Yours sincerely
