| Comments | <input type="text" value="The same objections apply to this application as to the many previous applications for this development at 54 Bridge Road, and also to the related application 6/2021/2211/EM submitted at 52 Bridge Road. I am objecting to this planning application for the following reasons. 1. It is an over-development of the site. 2. There is no precedent for such developments in rear gardens, either along Bridge Road or in the Conservation area generally. 3. It goes against the Garden City ethos, particularly important now that the significance of Welwyn Garden City in the history of town planning has been recognised in its recent Centenary year."/> |
